

KRISHNA CHAUHAN

MERN STACK DEVELOPER

ABOUT ME

As a dedicated and skilled MERN Stack Developer, I bring extensive experience in building and maintaining high-quality web applications using MongoDB, Express.js, React.js, and Node.js. With a solid foundation in both front-end and back-end development, I am adept at creating seamless and efficient user experiences and robust server-side applications.

PROJECTS

● Front-End

- **DPMI- Siliguri College Website** -- [I built the DPMI College website with HTML, CSS, and JavaScript, creating an engaging and interactive platform. This project was a fulfilling journey that improved my skills and allowed me to showcase my passion for web development. The site offers comprehensive information on programs, admissions, and events, reflecting my dedication to creating meaningful and functional digital experiences.]

● Back-End

- **Blog App** -- [Building this blog app was a deeply rewarding experience. Using Node.js, Express.js, Passport.js for authentication, and MongoDB, I crafted a platform for sharing and connecting. The project involved integrating hbs and ejs for dynamic content, creating a seamless user experience with secure login and content management. It reflects my passion for developing meaningful, user-centric web applications]
- **Chat Application Real time** -[Using Express.js, Node.js, Socket.io, CSS, EJS, and JavaScript, I created a real-time chat app. It enables instant communication with web sockets, emphasizing responsive design and intuitive user interactions, showcasing my commitment to dynamic web applications]

● React

- **Recipe App** -- [I built a recipe app with React.js, featuring CRUD operations. This project allowed for seamless creation, reading, updating, and deleting of recipes, highlighting my proficiency in React.js development.]
- **Todo List** -[I developed a todo list app with React.js for managing tasks efficiently, showcasing streamlined task creation and management capabilities]

● MERN

- **KRN CODE (Web Code Editor)** - [I developed a robust web code editor using React.js, Node.js, MongoDB, Express.js, Monaco Editor, EditorReact, Framer Motion, Chakra UI, React DOM, and more. This editor supports six languages: JavaScript, TypeScript, Python, Java, PHP, and C#, catering to diverse programming needs with enhanced usability and performance]

EDUCATION

2019- 2021

M.D INTER COLLEGE KUSHINAGAR

- SSC

2021 - 2025

CIST,BHOPAL

- Bachelor of Technology

SKILLS

- JavaScript
- Typescript
- NextJS
- ReactJs
- React Native
- NodeJS
- ExpressJs
- MongoDB
- RestFull Api
- Html
- CSS
- Tailwind CSS
- Bootstrap

INTERESTED

- Artificial intelligence
- Machine Learning
- Web 3
